It only takes a dollar & a dream to be legendary!

The excitement of fans reached a fevered pitch after J. Cole announced the exact location of his LA show via Twitter on Wednesday: **The Belasco Theater** would be the setting for the rapper's performance of his *The Warm Up* mixtape on his second-annual **Dollar and A Dream Tour**.

Due to excessive crowds and it being the first time the tour made a stop in LA, J. Cole added a second show that same night — and admission cost fans just one dollar. Miss the shows? Fortunately LA Music Blog was there to capture shots of the first concert, which included special guest Drake!

Enjoy my pics from J. Cole's Dollar and A Dream Tour's first stop in LA on July 23rd below.
